Profile

I am Mohd Saif Ali Ansari, a skilled Web Designer with over three years of experience in designing and developing engaging websites. I specialize in front-end technologies such as ReactJS, HTML, CSS, JavaScript, and have hands-on experience with platforms like WordPress and Netlify. My background in graphic design (Adobe Photoshop, Illustrator, Figma, CorelDRAW) helps me create visually compelling designs that align with brand identity and user expectations.

I am passionate about open-source contributions. My goal is to design innovative and interactive web experiences that captivate users and drive results."

Work Experience

Web Designer

VGNIT Craftsmen Solution Pvt.Ltd. (July 2022 – Present)

- Designed and developed responsive websites with a focus on modern UI/UX principles.
- Collaborated with developers and clients to ensure seamless website functionality.
- Created custom WordPress themes and optimized websites for performance and SEO.
- Managed website updates, bug fixes, and content integration.
- Maintained website security, performance, and SEO optimization.
- Created custom graphics, social media posts, and branding materials for various clients.
- Designed posters, banners, and marketing collateral for businesses and individuals.
- Provided professional photo editing and retouching services using Photoshop.
- Developed website mockups and UI elements to enhance web design projects.

Graphic Designer

Nexus Exhibitions Pvt. Ltd. (May 2022 to June 2022)

- Designed marketing materials, banners, and promotional graphics for events.
- Created visually engaging digital assets for social media and websites.

Graphic Designer

CABA Innovatives (Oct 2021 – Apr 2022)

- Developed brand identity elements, including logos, brochures, and business cards.
- Enhanced images and visuals using Photoshop and Illustrator for high-quality designs.

UI ReactJS Developer

Vanisb Technology (Jan 2020 – Jun 2021)

- Developed interactive and dynamic user interfaces using ReactJS.
- Improved website responsiveness and performance for better user experience.
